

fruit & vegetable purees

VEGE TECH FRUIT & VEGETABLES PUREES

**Vege-Tech introduces 100% natural ingredients for cosmetics.
The C.T.F.A. says "call them what they are...FRUIT & VEGETABLES!"**

Examples of unique functionality of Vege-Tech purees:

- Apple puree—contains natural pectins and natural acidic content for natural cleansing and exfoliation
- Banana puree—contains high levels of pectins for natural hair conditioning
- Blackberry puree—contains high levels of fruit-derived tannins for skincare masks
- Cherry puree—contains high levels of Ascorbic Acid for powerful natural antioxidant activity
- Lemon puree—contains significant levels of citric acid for acidic skin cleansing
- Raspberry puree—contains high levels of natural tannins for natural cleansing, toning, and astringency
- Strawberry puree—with or without seeds for powerful natural skin scrubbing
