Torrance, California – March 16, 2020 – Integrity Ingredients Corporation announces Social Responsibility Distribution Partnership with Protecnica Colombia, South America

Advancing the “Beauty with a Conscience” Movement

Integrity Ingredients Corporation has announced an agreement with Protecnica, Colombia, South America to distribute **MagNUT Sense Oil**. MagNUT Oil is a 100% natural, virgin oil harvested from the Monkey Pot tree grown in the Colombian Caribbean along the Magdalena River banks. Income opportunities for the region are scarce to non-existent, and the population often resorts to deforestation for employment. IIC will partner to support the employment of the local community to protect the trees and to harvest the MagNUT fruit. The nuts are rich in Vitamin E, antioxidants, Omega’s 3, 6, and 9 and contain more than 70% fatty acids. They are harvested by hand and cold pressed to preserve their purity and efficacy.

MagNUT is also a rare and powerful source of natural Selenium that helps to firm the skin as well as provide antioxidant protective benefits. Upon application, the oil forms an elegantly dry protective film that promotes long term hydration and prevents moisture loss. A clinical study proved that MagNUT Sense Oil significantly reduced wrinkles in 90% of the volunteers at 4 weeks.
